C.H.E.S Program

Community Helping Excel Students

About the C.H.E.S Program

Mentors work one-to-one with 2nd and 3rd grade students for 30 minutes assisting with various reading skills. It only takes one hour or less per week to help excel our students. Teams of two or more can alternate weeks. Times are flexible between 8:45am and 3:00pm.

Facts

- Graduation rates increase significantly if a child is reading sufficiently by 3rd grade.
- Data shows if students can't read by 3rd grade, most will not read sufficiently.

C.H.E.S Benefits

- Helping Students
- Helping Families
- Helping Neighborhoods
- Helping Communities

It all starts with **ONE!**

It takes a village to raise a child! Our children are our future!

Join us in making sure the future is bright! Become a mentor today!
